

**Inventory of North East High School Yearbooks
North East Historical Society**

If you can donate a yearbook to help fill the gaps it would be appreciated

Note: The early yearbooks were published by the Junior Class and are listed by their graduation year, but were actually published in the year before. Example: the 1923 annual was published by the class of 1923 in 1922. The senior class had a group picture, so to see individual pictures look the year before.
